

ViewBinding

```
graph BT; A["com.snail.wallet.databinding.  
ItemRevenueRecyclerviewBinding"] --> B[ViewBinding]
```

The diagram illustrates an inheritance relationship. A light gray rectangular box at the bottom contains the text 'com.snail.wallet.databinding.ItemRevenueRecyclerviewBinding'. A solid blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box at the top, which contains the text 'ViewBinding'. This indicates that the class in the bottom box inherits from the class in the top box.

com.snail.wallet.databinding.  
ItemRevenueRecyclerviewBinding
